**Subject:** District 2 Executive seat hustings

Dear Hazel

I hope your well.

As you are aware I am putting myself forward for the executive by election for district 2. I feel it's incredibly important that ordinary members voices and lived experiences are shared at national level to be seen and heard. It's really important to have representation of BLACK members but membership at large from Yorkshire and Humber are represented on the executive. Please invite me to your meetings or ask any questions regarding what I hope to achieve should you vote me for this position

In peace and solidarity

Dilshana
